Dear Ms. Saunders,

As a student passionate about making an impact on patients' lives every day, I was happy to find South Health and Rehabilitation looking for a student nurse to form a part of their team. I am interested in the unique opportunity your facility provides to walk alongside patients on their road to recovery and celebrate their successes.

Since my childhood, I have exhibited a positive attitude toward the elderly and disabled and decided to study medicine to immerse myself further in their environment. Currently, I have three years of volunteering in geriatric care, having helped a total of 300 patients. In addition, I have successfully completed coursework in Pharmacology, Medication Administration and First Aid with flying colors.

Should you consider me for this position, I guarantee my quick learning skills and disposition to adapt will make me an immediate asset to your team. Please find my resume with references enclosed with this letter.

Thank you for your time and consideration.

Best regards,
Brent Gies
